Due to the worldwide pandemic, we reserve the right to decide until the beginning of August whether the General Assembly will take place as a face-to-face event in Berlin or whether it will go down in the history of the Association as the first digital General Assembly. We are currently examining the digital and legal possibilities and ask for a little patience in this regard.

It is very important to us to enable all members and colleagues interested in membership to participate in the general meeting.

With kind regards
